Burnside Notes

The Lone Pine Junior U.F.A. will hold their next meeting on Wednesday evening, Nov. 7th. All the young people of the district are cordially invited.

Lewis McCulloch, who spent a few days holidaying at his home here, left on Monday last for Vancouver.

Mr. and Mrs. Roy Woolly of Three Hills spent Sunday last at Mr. Noah Eckel's.

Miss Beatrice Sheils of the Calgary Normal School spent the week end at her home.

Mr. Staag has moved off the former Ed. Avelsdon place and Mrs. Tom Patterson (nee Agnes Avelsdon) is moving over from her farm at Oyen to occupy her old home.

Walter McCulloch, of High River spent a few days last week at the home of his parents.

Don't forget the dance in the Lone Pine Hall this Friday night, Oct. 26th. Bellamy's Orchestra.

Sunday next, October 28th will be Harvest Home Sunday in the United Church here. On Monday evening the two congregations, Lone Pine and Community Hall are uniting to hold a fowl supper and entertainment in the Lone Pine Hall. A good program is being prepared and a good time is assured to all who attend.

Latest Crop Report

Only scattered fields in the Canadian West remain now to be threshed and farmers generally are quite satisfied with the yield, in the tenor of the Canadian Pacific crop report for this past week.

More wheat was hauled by trucks direct to elevators this fall than before, resulting in a tremendous rush. This has been well taken care of by the supply and the loading of railway cars for terminals.

Considerable plowing has been done and this with the substantial amount of new breaking accomplished throughout the west indicates an increased acreage over last year in readiness for next spring. A fair amount of summerfallowing has been done and fallows are generally in good condition and free from weeds. Pastures are in good shape and hay and grasses.

Grades of later threshed wheat in Alberta are disappointing, and in some cases yield as well. Ninety five per cent of wheat threshing is completed, coarse grains about the same. The sugar beet crop is about harvested, yield and quality good.

Livestock and range conditions are satisfactory and winter feed in abundance is now in storage.

The teacher and pupils of Burnside School are holding a social evening on Hallowe'en night. Everybody welcome.

Calgary Girl Succumbs Following Local Crash

Resulting from an automobile accident on the north road leading into Didsbury, Sunday morning, October 14th, Miss Marion Eitner of Calgary passed away in the Didsbury General Hospital, Thursday morning last.

At the inquest held on Saturday afternoon the jury found that death was accidental and attached blame to neither Lyle Ferguson, driver of the big taxi in which Miss Eitner was a passenger, or Ben Rosenberg, Didsbury, driver of the other car involved in the crash.

The jury heard the evidence of nine witnesses before Chief Provincial Coroner Dr. Braithwaite of Edmonton, after which they brought in the following verdict, with rider attached:

"We, the jury, find from the evidence submitted that Marion Eitner came to her death from injuries received in a motor car, accident on the public highway in the town of Didsbury, Sunday, October 14, at 10 a.m.

"From the evidence heard we attach no blame to the driver of either car.

"We recommend that all roads or lanes leading to main highways be made stop roads, and that all vehicles travelling the roads at night display lights in the rear of such vehicles."

Official Visit Worthy Matron to Local O.E.S.

Mrs. S. S. Savage, Worthy Grand Matron, Calgary, paid an official visit to St. Hilda's Chapter, O.E.S. on Monday evening, October 15th. She was accompanied by the Worthy Grand Patron M. W. Dawson, and Mrs. Edith Dawson, Worthy Matron of the Edmonton Chapter, Grand Secretary S. J. Blair, and Mrs. Blair, Past Grand Matron.

Sister Leadbetter presented the Worthy Grand Matron with a beautiful gift on behalf of the Chapter. Sister Savage replied in a very pleasing manner.

The Chapter then adjourned to the hall where a splendid banquet was served. Bro. Leadbetter had charge of the program which was carried out in a very able manner.

Other visitors present were Mrs. Parker Reed, Mrs. Thomas and Mrs. Guy, Calgary, Mrs. Bellamy, B.C., Mrs. and Miss Summers, also about twenty members from Carstairs and ten from Olds.

OBITUARY

After a lingering illness of several years, Mr. William Henry Stewart of Didsbury, passed away in his 75th year on October 13, 1928.

Born May 7, 1853 in New Brunswick where he was also reared, at the age of 28 he started westward, living in Oklahoma, Manitoba and other points for a number of years, finally arriving at Didsbury in 1919. He settled on a farm about 7 miles north east of town, residing there up to the time of his death.

His wife predeceased him about 13 years ago. Two daughters and one son survive.

The funeral services were conducted at the Evangelical Church by Rev. H. E. Roppel on Tuesday, October 16th.

Opening of Bible School

Announcement has been made of the opening of the 1928-29 term of the Mountain View Bible School, Didsbury, on October 30-31.

A program has been prepared for the occasion, the opening being on Tuesday evening, October 30, at 7.30 in the M.B.C. Church. The program for the following day commences at 2 p.m. at the School, and in the evening of the same day at the M.B.C. Church at 7.30.

Excellent musical programs have been prepared for the occasion and a number of special speakers will be present. The public is cordially invited to attend.

FOREST FIRES

Six thousand Canadian fire rangers have appealed for active co-operation this fall in their efforts to stamp out forest fire losses, which heedless hunters have in the past occasioned. Every ranger takes pride in his own individual forest, which he must protect. The fall hazard is from hunters and the appeal is especially made to these sportsmen.

Matches—Be sure your match is out before you throw it away. Matches have heads, but they can't think. Do it for them. Break your match before you drop it.

Tobacco—Don't throw glowing tobacco from a car into the inflammable material by the roadside. If you simply must get ride of these, it is less dangerous to drop them in the centre of the road.

Making Camp—Build a small camp fire. Build it in the open, not against a tree or log. Scrape away the debris from all around it.

Bonfires—Never build bonfires in windy weather or where there is the slightest danger of their escaping from control. Don't make them larger than you need.

Fighting Fires—If you notice a small fire starting, try to put it out. Larger fires should be reported immediately.

Local Curling Club Elects Officers For Season

The annual meeting of the local curlers was held in the C.P.R. station Tuesday evening, October 16, with about 20 members present.

The following officers were elected:

Patron, A. G. Studer; Pres., J. A. McGhee; 1st Vice-Pres., A. McNaughton; 2nd Vice-Pres., George Julien; Sec.-Treas., J. L. Clarke.

The meeting decided that the curling fee be set at \$10.00.

Coming Events

A dance will be held at the Lone Pine hall on Friday, Oct. 26th. Bellamy's 4 piece orchestra. 43-2c

October 31. Hallowe'en Night. Million Dollar Novelty Dance. Elks' 7-Piece Orchestra. 43-2c

Mons Chapter I.O.O.F.E. will hold their annual masquerade Ball, Friday, November 9th. 44-3c

The people of Lone Pine and Community are joining forces in connection with the Harvest Home Chicken Supper to be held in Lone Pine Hall, Mon., Oct. 29. Supper 6 to 8. Concert afterwards. Popular prices. 44-1c

A young man about to be married left all the arrangements to his best man, even to the choosing of the hymns. On the day of the wedding, when the bride entered the church, the organ pealed forth "Not Mine, Not Mine the Choice." After the ceremony when they were both leaving the church the organ again struck up with "Fight the Good Fight With All Thy Might."

Fire Inspector: "But where are your fire escapes?"

Owner of Building: "Don't you know it's leap year?"

The Grading of Wheat

The heavy frosts which descended upon Western Canada during the third week of August, had a most disastrous effect upon a large portion of the wheat crop of the prairie provinces, with a resultant lowering in grades which, in the aggregate, means a loss of many millions of dollars to the farmer-producers of the west. Just how great the loss is will probably never be accurately known, but thousands of individual farmers will, more or less correctly, estimate what it means to them. Volume of production remains, the greatest in the history of the country, but grades, and consequently prices, are seriously affected.

Under the circumstances it is but natural that an outcry is raised against the whole system of grading, and some very rash statements are indulged in. The farmer who gets Number Three feels he ought to have received Number Two, and the man who is given Number Four contends he ought to have had Number Three, and so on down the line. This is but natural, but the result is that elevator operators, whether in the Pool or line elevators, are charged with taking advantage of the situation and grading too low. Governments, both federal and provincial, are held responsible for the system of grading in vogue, although, as a matter of fact, provincial governments have nothing to do with grading, which, as a matter of trade and commerce falls solely within the jurisdiction of the Dominion. If there was any truth in the charge that the Liberal Government, in Saskatchewan, is responsible for low grading this year, then the Farmer Governments in Manitoba and Alberta are equally responsible.

The truth of the matter is, of course, that neither Liberal, Conservative, Progressive nor United Farmer Governments are responsible. It may be that the present system of grading requires revision but even that cannot be determined offhand. Canadian wheat occupies an enviable reputation in the markets of the world, and because of that reputation commands a good price. That reputation is based on the quality of our wheat, and that quality is guaranteed through our system of uniform Government inspection and grading.

It may well be that in a year like the present, a relaxation in grading would result in a larger proportion of our wheat being placed in higher grades, and better prices received by the growers. On the other hand, a lowering in the standards might very easily result in a general lowering of all prices, so that the final result would be much the same.

But assuming that this did not happen this year, the undoubted effect would be injurious to the reputation of Canadian wheat and any gain derived this year would be more than offset in other years because of the poorer reputation for all our wheat that would result. The reputation of Canada's wheat abroad is the biggest asset we have in the British and European markets, and it must be retained at all hazards. And to tamper with grading solely in order to meet climatic conditions in any one year would be fatal to that reputation.

There is this, however, to be considered. Does frost, which mars the appearance of the wheat kernels, and results in lower grading, actually impair the milling qualities of that wheat, and the baking properties of the flour made from such wheat? In other words, does frost affect the real quality of the wheat to the extent that our present standards of grading would indicate? If it does not, then it would seem that our grading need not be quite so drastic without affecting the established reputation of our wheat.

This, however, is a question that can only be determined through study, research and experimentation. It cannot be decided in a day or two, or settled by legislative enactment. The Dominion Government is fully alive to the importance of this question, and the Government Research Laboratory, working in conjunction and full co-operation with all Western universities, is engaged in the task of ascertaining the actual facts and the full truth. In this important work the three provincial governments, the Wheat Pools and the United Farmer organizations are all assisting.

Pending the result of such searching investigations, it is a mistake and unpatriotic for anybody to seek to inflame public opinion out of an unfortunate condition resulting from the vagaries of the weather which no man, or body of men, can direct or control. Rather should every man and every organization having the best interests of Canada at heart do what lies in their power to assist in this great work to the end that all may benefit.

It is never too late to learn; never too late to seek knowledge. One of the finest epitaphs ever placed on a tombstone was that placed over the grave of John Richard Green, the famous historian. It said "He Died Learning."

Wife—Do you realize that twenty-five years ago today we became married?

Absent-minded Professor—Twenty-five years! You should have reminded me before. It's certainly time we got married!"

Sour Stomach

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain de-

parts. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Nansen Believes Arctic Route Most Favorable

Explorer Planning Zeppelin Flight
Between Europe and United
States

A Zeppelin flight between Europe and the U.S. by way of the Arctic regions in order to determine the practicability of that route is now being actively prepared by a committee under the chairmanship of Fridtjof Nansen, noted polar explorer. It is believed that weather conditions will be more favorable in the Arctic than over the regular North Atlantic course.

The Zeppelin will be commanded by Captain Walter Bruns, secretary of the Society of Arctic Research. It is understood that the coming aeronautic convention, in Berlin will fix the date for the Arctic flight, which probably will be next May or June.

Three Russian scientists, Prof. Wiese, meteorologist; Prof. Schmidt, biologist and Prof. Isatchenko, microbiologist were in Koenigsberg recently, en route to Berlin, and discussed plans for the expedition.

WEAK AND NERVOUS

A Condition Due To Watery Blood
—Easily Corrected Through the
Use Of Dr. Williams' Pink Pills.

Thin, pale girls, lack the power of resistance to disease that rich, red blood gives. Nervous breakdown is the result of thin blood. So is indigestion, headaches, backaches and many other troubles. Girls suffering from thin, impure blood need just the help Dr. Williams' Pink Pills can give. For many years Dr. Williams' Pink Pills have been a world-famous blood-builder and nerve restorer. They actually make new, rich, red blood which imparts new vigor and life to all the organs of the body. Their first effect is usually shown by an improved appetite; then the spirits revive and restlessness at night gives way to health restoring sleep. For sufferers from anaemia, nervousness, general weakness or physical exhaustion Dr. Williams' Pink Pills are a restorative of the utmost value. This is proved by the experience of Miss Sarah A. McEachern, R.R. No. 3, Buile, N.S., who says:—"About three years ago I became very weak and nervous. I had pains in my side and back. I also had frequent pains in the back of my head and neck. I was very pale and very weak. I had attacks of nervous irritability, and at times I was so nervous that life seemed hardly worth living. While in this condition a friend strongly advised me to take Dr. Williams' Pink Pills. I began taking these pills and used them for about two months with the result that there was such an improvement in my condition that friends would ask me what I was taking, and I was only too glad to tell them it was Dr. Williams' Pink Pills. I am now enjoying good health and am glad to give this statement for the benefit it may be to some other sufferer."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Wonderful Future For Canada

Lord Peel Sees Great Things In Store
For This Country

"We see developing here a vigorous and varied civilization and we see a people growing with a clearly marked individuality of their own," said Lord Peel, grandson of England's Robert Peel and leader of the Empire Parliamentary Party, just before his departure for the Maritime Provinces. "We have fallen in love with this country and regret to leave these fertile plains and the bright stimulating air. We all foresee a wonderful future, even beyond the visions of the first pioneers. We believe the country is moving along right lines and it is only a matter of time until the ambitions of the most far-seeing are accomplished."

Lindbergh Going To Turkey

Mrs. Evangeline Lindbergh, according to a dispatch sent by the Constantinople correspondent of the Egyptian Daily newspaper Ahram has said that her famous son, Col. Charles A. Lindbergh, intends to visit her shortly in Turkey. The two will make an aerial journey to Syria and Jerusalem, to visit the holy places of Christianity.

The wife: "This paper says that in parts of the East a good wife costs fifteen shillings. Disgraceful!"
Her Hubby: "Well, a good wife is worth fifteen shillings, isn't she?"

Health cannot be looked for in the
child that is subject to worms, be-
cause worms destroy health by creat-
ing internal disturbances that retard
development and cause serious weak-
ness. Miller's Worm Powders expel
worms and are so beneficial in their
action that the systems of the little
sufferers are restored to healthful-
ness, all the discomforts and dangers
of worm infection are removed, and
satisfactory growth is assured.

Japan's Traffic Problem

Traffic congestion has become so
bad in the streets of Osaka Japan,
that officials are contemplating use
of the old canals. It is proposed to
use boats propelled by outboard mo-
tors as a part of the municipal trans-
portation system.

End Season's Work

Freighters From Hudson Bay Re-
turn To Nova Scotia Ports

All freighters being used in Gov-
ernment work on Hudson Bay, have
left for Nova Scotia ports for the
winter months, according to wireless
despatches received at the Depart-
ment of Marine. The tug Dainty
and the steamers Canadian Voyag-
eur and Odile, left Fort Churchill
recently. The vessels have been
used in carrying material to be used
in the construction of the harbor.

How many people you know who end their colds with Aspirin! And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism; and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have often told you Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

Aspirin is a Trademark Registered in Canada

ASPIRIN

ALBERTA PLANS TO AID SETTLERS FROM BRITAIN

Edmonton.—Closer co-operation between the Provincial and Dominion Governments in regard to future immigration work was decided upon at a conference held between Hon. Robert Forke, Federal Minister of Immigration and Colonization, and Premier Brownlee and members of his cabinet.

There will probably result from the conference in the way of definite forward moves, an agreement to bring out next year a number of British women for domestic help, the establishment of training schools in the old country for prospective emigrants to Canada, and the erection of 20 or more cottages in the Lethbridge irrigation district for newly arrived settlers.

All the new policies thus tentatively decided upon will be of a tripartite nature, as between the Alberta, Dominion and British governments. The cost of the various projects will be shared by the three parties, which will in this way be closely linked together in the promotion of selected British immigration to this province.

According to Mr. Forke's information, a considerable number of British women immigrants can be secured as domestic help and it is proposed to give this phase of the question some definite trial during the coming years. The training schools also proposed as a matter of future policy will be established in both England and Scotland. They will be for the purpose of familiarizing likely immigrants to Canada with actual living and farming conditions in this country and will be closely supervised. A great deal can be done in this way, in Mr. Forke's opinion, to give prospective settlers a measure of experience and so to ensure their ultimate success.

The Provincial Government will now consider as part of its future program the building of 20 cottages on Lethbridge irrigated farms in which farmers newly brought out under the tripartite scheme may be settled.

This will be with a view of getting a regulated flow of settlement. Mr. Forke's visit was part of his itinerary on a Western tour in which he is consulting with all the provincial governments.

New Daily For The Pas

Expect Publication Will Start Early In December

Calgary.—It is expected that the Northern Star, the proposed new daily for The Pas, for which a Canadian Press franchise has been granted, will commence publication early in December. A building is now in course of construction there to house the editorial, business and printing departments. G. M. Bell, president of the Calgary Albertan Company, is president of the new company, which has been formed to undertake the enterprise, and S. L. Cross, Regina, is vice-president. Associated with them will be P. C. Galbraith, at present news editor of the Winnipeg Tribune, as business manager, and Fred Johnson, mining editor of the Winnipeg Tribune, as managing editor.

Pass Radio Exams

Western Candidates Obtained Certificates Of Proficiency In Telegraphy

Ottawa.—The radio branch of the Department of Marine and Fisheries announce that 18 candidates were examined during the month of September. The following Western candidates were successful and obtained certificates of proficiency in radio telegraphy: Commercial, first class—M. E. D. Jacobson, and J. H. Stow, of Vancouver.

The following have been further examined and have had their existing certificates endorsed for additional equipment:—C. Blacklock, Vancouver; A. R. Boek, and W. J. Pickering, Regina, Sask.

Coal tar, from which dyes are made, is the essence of the plant life that flourished millions of years ago.

Heroism At Sea

Harrowing Tale Of Fire Aboard Ship Is Related

Vancouver.—With seven of her crew painfully burned and scalded, the Blue Star Line steamship, "Trojan Star," Capt. G. A. Griffiths, arrived here with a harrowing story of fire on board while the vessel was off the California coast on the night of October 12.

William P. Tennison, Hull, Eng., fireman aboard the ship, was burned to death and his body buried at sea.

The fire broke out at 6:20 p.m., October 12, when an oil jet burst in the stokehold, trapping eight men of the engine room force in a wall of flame that sprang up in an instant.

Second Engineer Sydney P. Houston and Fireman James, according to the ship's officers, were chiefly responsible for the safety of the engine room crew.

Seeing that the way to safety on deck was barred, Houston led the men into the bilges under the boiler. The flames roared above them and for three hours and thirty minutes they lay there in oil and water with the plates growing hotter and the water in which they lay steadily approaching the boiling point. James, by his cheery conduct and singing of songs, aided his comrades while awaiting rescue. Tennison went temporarily insane from the heat and rushed back to the engine room again, where he succumbed.

Only an act of providence stopped the flames. A big steam pipe in the stokehold burst, pouring a dense cloud of steam into the compartment, finally smothering the fire and permitting the deck crew to reach the imprisoned engine room crew, who were smeared from head to foot with fuel oil, soaked in water, blistered and partly gassed.

They are all recovering.

Wins Mayoralty Contest

W. H. Malkin Is Elected Mayor Of Greater Vancouver

Vancouver.—With a majority of 1,666 votes, W. H. Malkin, pioneer wholesale merchant, was elected first mayor of the amalgamated city of Greater Vancouver, comprising Vancouver City, Point Grey, and South Vancouver municipality, in the civic elections. Mr. Malkin defeated Mayor Louis D. Taylor, six years chief magistrate of Vancouver.

The vote in the thirty-nine polls was: Malkin, 18,733; Taylor, 17,067. Louis Rubinowitz another mayoralty candidate was never a factor in the contest. He polled but 207 votes. Mr. Malkin's term of office will be two years.

B.C. Settlement Plan Has Been Exaggerated

Reports Being Circulated Are Causing Government Some Trouble

Victoria.—Letters are pouring into the Government offices here from people who would avail themselves of the land settlement offer recently announced by Premier Tolmie. However, many reports concerning how far British Columbia will go to aid the settler have been exaggerated and these are causing trouble.

Some reports stated that the government would give 40 acres of cleared land, a log cabin and \$2,000 in cash, but the Premier denied this in a statement issued.

Premier Attends Luncheon

Speaks To Delegates Of Empire Parliamentary Association On Return To London

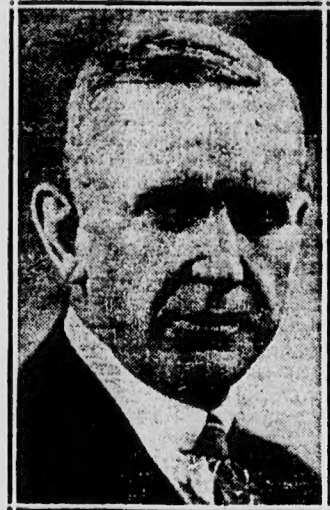

London, Eng.—Premier Mackenzie King, of Canada, attended the luncheon tendered by the British Government to the delegates of the Empire Parliamentary Association who have just returned from their tour of Canada, and are about to disband, some of them to return to distant parts of the Empire.

Premier King said he was sure the delegation while in Canada had learned how Canadians had the greatest possible pride in British traditions and institutions.

Horned Cattle Barred

No horned animals may be shown at the Brandon fat stock show in March, 1929. Such is a recent ruling made by the executive, and no exception in the matter is to be permitted.

TO ENCOURAGE SETTLEMENT

J. N. K. MACALISTER

Assistant Commissioner, Department of Colonization and Development, Canadian Pacific Railway, who says that the newly organized Colonization Finance Corporation of Canada Limited is the most important step ever taken jointly by Canadian private land-owning bodies in the effort to encourage agricultural settlement on a sound basis. Millions of acres are involved and the scheme is being developed in conjunction with the Canada Colonization Association, of which Mr. Macalister is a director.

Take Up Residence In London

Mr. and Mrs. Tunney Reported To Have Leased House In Mayfair

London.—Mr. and Mrs. James Joseph Tunney, according to report, have taken the lease for a year of a house in the Mayfair quarter of London where after their honeymoon it is said they intend to form a literary salon.

Harry Preston, English sportsman and friend of the retired world heavy weight champion, states that he still expects to see Gene enter the ring again. He said that he had told Tunney that there remained one record for him to break, referring to the occasion three years ago when Jack Dempsey fought four English heavyweights in succession at a boxing tournament.

Air Phones a Success

London, Eng.—The Cross Channel Air Company announces that successful experiments had been made whereby passengers called their city business houses by wireless telephone while flying as high as 12,000 feet.

Radio Station Opened

Canada's Largest Broadcasting Station Operating At Winnipeg

Winnipeg, Man.—Official opening of the new broadcasting station of the Manitoba Telephone System, the largest in Canada, took place at the Sherbrooke street studio.

Hon. W. R. Clubb, Minister of Telephones, pressed a button which immediately set in operation the big 5,000-20,000 watt transmitter situated at the Agricultural College, eight miles distant.

The power of the new station is more than twenty times that of the old plant.

The program included an address by Premier John Bracken and a band concert by the Winnipeg Salvation Army Citadel Band, under the direction of Bandmaster H. G. Merritt. The official wave length of the station will be 284.4 metres and 200 kilo cycles.

Workman Buried In Concrete

Two Men Victims Of Accident At Cleveland

Cleveland, Ohio.—The bodies of two workmen who were buried alive in a 105 foot hole under a fifty ton fall of fresh cement at the Union Depot site here, were cut from the hardened mixture after a desperate 12-hour struggle.

The two men were Patrick Toolis, 29, and Patrick Cleary, 27, both of Cleveland.

Toolis and Cleary were working at the bottom of the hole in which concrete was to be poured. A few feet away was another pit into which concrete had been poured a short time before.

Under the pressure of the tons of concrete, the retaining walls of the second gave way. The concrete tore through four feet of earth and poured down upon the two victims.

C.P.R. Head Celebrates Birthday

Montreal.—E. W. Beatty, president of the Canadian Pacific Railway, has celebrated his 51st birthday. Mr. Beatty was born in Thorold, Ont., on October 16, 1877. He entered the service of the company of which he is now chairman and president in 1901, as assistant to the general counsel. In 1914, he became vice-president, and in 1918, president, succeeding to the post made vacant by the death of Lord Shaughnessy.

Returns To California

Riverdale, Cal.—Jessie Clark, sister of Sanford Clark, 15-year-old accuser of her uncle, Gordon Stewart Northcott, alleged killer of boys on his Riverside chicken ranch, has arrived here from Canada.

HIGH COMMISSIONER FROM BRITAIN

This photographic portrait of Sir William Clark, first high commissioner from Great Britain to Canada, who arrived recently at Ottawa, was made this summer in London, by Minna Keene, Fellow of the Royal Photographic Society. Mrs. Keene, who lives in Oakville, has done photographic portraits of many distinguished people in America, Europe and Africa, and has also made photographic studies of national types in many parts of the world.

LOOK FOR BIG GOLD RUSH IN NORTH ONTARIO

Winnipeg, Man.—Valuable gold discoveries made during the past summer and this fall at Crowe River by the Northern Aerial Mineral Exploration Company probably will bring a stampede of prospectors rivaling that to Red Lake a few years ago, Capt. H. A. Oakes, operating manager of the company, states. Crowe River is near the Patricia mining field in Northern Ontario.

At least 200 prospectors are awaiting their chances to make Crowe River before the freeze-up, and scores are intending to be there in the dead of winter. The more fortunate will go by airplane, but the majority will take the next best means of getting to their destination — by canoe or dog team.

"We have every proof that the Crowe Lake strike is a good one," Capt. Oakes stated, "and nor groundmen, including engineers and other technical experts will be on the scene, possibly the entire winter."

The company will continue to carry on operations this winter by plane, although this branch of its service will not function in any other territory but Ontario.

The machines have been brought to Winnipeg for housing during the winter, and four more Fokkers and Fairchild will be flown here by the end of the week. Captain Oakes and Al Chesman, chief pilot, brought two of them here the beginning of the week.

The plane that sunk at Chesterfield Inlet on the Hudson Bay recently has been salvaged and will be shipped here in about another month. It will have to remain at Churchill until freeze-up as the only means of transportation to the railway is by tractor. The crew will come also.

All planes which operate this winter would be equipped with skis. Captain Oakes said, as there would not be facilities for machines with wheels.

Offered Appointment

Sir Lomer Gouin May Accept Lieutenant-Governorship Of Quebec

Ottawa.—The Citizen publishes the following: "Although he has not officially accepted, it is expected here that Sir Lomer Gouin will respond to the offer of the lieutenant-governorship of Quebec when it becomes vacant next January on the expiration of the term of Governor Perreault. Many months ago the prime minister wrote a letter to the erstwhile minister of justice, expressing the view that he should round off his career by accepting the lieutenant-governorship of the province."

Memorial Day For Celebrated Explorer

Norwegian Government Will Honor Memory Of Roald Amundsen

Oslo, Norway.—The anniversary of the discovery of the South Pole by Roald Amundsen, in 1911, will be celebrated on December 14, by the Norwegian government as a memorial day for the famous explorer who died in an effort to bring relief to the lost expedition of General Noble.

Besides the extensive celebration in Norway, Norwegians all over the world will be informed of their government's decision to enable them arrange other commemoratives.

Liquor Revenue Helps

Toronto.—The Evening Telegram says that only the sale of \$8,000,000 worth of liquor has saved the Ontario government from facing a deficit on the year's operations, and that a considerable portion of the liquor revenue will go to balance the expected \$2,000,000 shrinkage in the succession duties taxes.

Typhus In The Ukraine

London, Eng.—An Exchange Telegraph despatch from Riga reported 10,000 cases of typhus in the Ukraine, with many deaths. Schools and moving picture houses were closed. Provisions and medicine were needed urgently, the despatch said.

OVER ORGANIZED

Referring to the multitude of organizations to be found in most small towns, a small town critic says: "We have too many organizations and no organization in our town. It takes team work to do things and our big team is split into a lot of little teams pulling every way at once. All our organizations breathe brotherhood but the only time we seem to be really all united in a common purpose is when another town's baseball team ticks ours on the home diamond. We have all kinds of executive ability in the town, but the best leaders are often all too busy. They take on membership, give liberally, and leave someone else to lead. I have seen half a dozen worthy organizations each working independently, send big baskets of food at Christmas to one house, and all of them missed an equally deserving family just round the corner. The trouble with all of our little towns is that we unload almost every social, political and spiritual burden on some little group, when what we need is to harness all our horse power in one big team, and accomplish something. But to do that we'll likely organize another organization."

WHAT IS JUNIOR RED CROSS?

In the minds of many people today there is unfortunately a sad state of ignorance as to the real place of Junior Red Cross in the province. To explain its aims and organization the Alberta Division has issued an excellent little publication, "What Is Junior Red Cross?"

A little lame girl, her legs in splints, smiles from the front page in company with a roly-poly baby with club feet. These two pictures in themselves, make a striking story when one reads the words "Albert Juniors are helping them back to health and strength."

The definition of Junior Red Cross is simply given, that he who runs may read. It is "a movement assisting teachers to inculcate better health ideals, citizenship and service to others, in those under their care."

Last year in the twelve hundred schoolrooms where Junior Red Cross branches are found, thousands of our Alberta boys and girls were learning the secrets of good health, practising the daily hygienic habits which will assure them of long life and a good constitution, as well as contributing to the maintenance of those of their fellows who have the misfortune to be sick or crippled and are patients in the Calgary and Edmonton hospitals under the Red Cross flag.

Hon. Perrin Baker, the Minister of Education, heartily commends Junior Red Cross to all who have to do with child-training, saying: "To have organized a branch and successfully carried out its program is to have had a part in a great world movement for the lessening of sickness and suffering."

Peter B. Kyne's thrilling novel of love, thrills and fight in the Timber country, "The Valley of the Giants," with Milton Sills and Doris Kenyon, at the movies, Didsbury, Saturday October 27th.

Messrs Bert Cressman, Tom Johnson and R. Hawkes motored to Calgary on Monday to hear Geo. Robey, the English comedian.

On Monday evening last the Gillespie elevator at Minaret was completely destroyed by fire.

PLAN TO PLACE HARVESTERS FOR WINTER

With the object of encouraging the satisfactory assimilation of the numbers of British harvesters who will remain in Western Canada when the present threshing season is over, every effort is being made by Colonization and Land Settlement Offices and the Provincial Labour Bureaus to have these men placed as farm help throughout the province for the coming winter.

Of the numbers who came from the Old Land to assist in the harvest, some have returned to their homes—in many cases this course was dictated by their domestic circumstances. There is no doubt, however, that many of these men will return to Canada with their wives and families as soon as conditions will permit them to do so. In addition, it is only to be expected that a certain number of these harvesters who have not fitted into conditions which prevail in this country, will return to England.

There is, however, a great body of harvesters who are willing and anxious to remain in Western Canada providing they can secure winter employment. If these men can tide themselves over the winter and during that period familiarize themselves further with farm work, they should be able to earn satisfactory wages in the spring and have no difficulty in securing farm work on a yearly basis at wages which will leave them in very much better circumstances than those under which they were working in England.

The Dominion Government through the Land Settlement Branch, both railway companies through their colonization branches and station agents and the Provincial Government through the employment offices, have undertaken to make every possible effort to assist these men in finding winter employment. The experience in handling the British harvester movement in 1923 was that the organizations mentioned above had more applications for winter farm help than there were harvesters to fill these positions and there is little doubt that, provided these British harvesters are prepared to accept reasonable employment for the coming winter months, at wages which farmers are willing to pay, these jobs will be forthcoming.

The main difficulty is to get in touch with the men who are prepared to remain in this country and to put them in touch with winter jobs before they lessen their chances of securing these jobs by leaving the districts in which they are at present working and congregating in the larger centres such as Calgary, Edmonton and Winnipeg. There is no advantage from the harvesters' point of view in coming to town as they only have to bear the expense of travelling back to a country point and their chance of securing work in the cities is very small. They stand a much better chance of securing work if they retain their present employment as long as it is available for them and in the meantime, secure work for the winter with the farmers with whom they are thrown in daily contact. Failing this, they can receive the assistance of the officials of the Land Settlement Branch who are located at central points throughout the province to whom also any farmer can direct them, or from their local station agent or the local employment office which organization has 200 voluntary agents throughout the province.

ITEMS OF INTEREST

Vulcan expects to ship approximately 2,000,000 bu. of wheat this year, practically the same amount as shipped last year. Nine elevators with a capacity of 720,000 bu. will handle the crop which is the largest capacity for any country point in the prairie provinces.

There are about 100,000 motor cars in the province of Saskatchewan and in the three months of May, June and July \$538,509 was collected in gasoline tax from their owners and other users of motor oil, according to the Saskatoon Star-Phoenix.

An indication of the confidence which is held in the future of The Pas and northern Manitoba generally is afforded by the decision of the officers of the Albertan Publishing Co. to establish a daily evening newspaper in that flourishing town. The new paper will be known as The Northern Star and it is hoped to commence publication in December. The Pas is on the Hudson Bay railway which will be completed to Fort Churchill next year, and it is at The Pas that the new line to the Flin Flon joins the Bay road.

Herman Trelle of Wembley, winner of the grand championship for hard wheat at Chicago last fall, will compete in the International show again this year. The visit will be made under the auspices of the Calgary Board of Trade.

The Raymond sugar factory in southern part of the province, fully manned and with 7000 tons of beets in the sheds began its fourth annual run at midnight, October 9. New sugar ought to be on the market in a few days now insuring no interruption in the distribution of Alberta-made sugar in the western trade territory. Two hundred men and girls are employed around the factory which gives Raymond a \$40,000 monthly payroll. — Cardston News.

The world's largest, the Saskatchewan Pool elevator No. 7, went into partial operation last week. It has a capacity of 6,900,000 bushels and the fastest and most modernly equipped at the Lakehead and cost over \$5,000,000.

Snow fencing is to be done along some of Alberta's main highways as a cure for winter drifting. The department of public works has four carloads of fencing materials on the way from the east and it is expected to experiment with it along approximately 12 miles along the most heavily travelled roads in the various parts of the province.

A great many farmers in the Western and Central United States are greatly interested in the opportunities for settlement in Alberta, according to D. A. McCannel, Provincial Publicity Commissioner, who returned recently from visiting a number of fairs in this territory. An exhibit depicting the agricultural and other natural products of Alberta was shown at eleven State and County fairs and wherever this was shown it attracted a great deal

GLIMPSES FROM THE PAST

20 YEARS AGO

Studer and Co. are making extensive alterations to the rear of their store.

BORN—On Wednesday, October 21, 1908, to Mr. and Mrs. J. Hug- et, a daughter.

R. C. Oldham and T. J. Shaw left recently for Nebraska where they intend to spend the winter.

15 YEARS AGO

Clarence Reiber spent Thanksgiving day at Olds.

Mr. E. G. Reitzel left for Saskatoon on Saturday last on business.

Sanford Reiber left for Camrose on Tuesday where he has accepted a position.

WORLD HAPPENINGS BRIEFLY TOLD

Choked by a piece of carrot which lodged in his throat, John William Black, of Ogdensburg, N.Y., died in hospital at Prescott, Ont.

E. W. Beatty, president of the Canadian Pacific Railway, recently celebrated his 51st birthday. Mr. Beatty was born in Thorold, Ont., on October 16, 1877.

Using nitro-glycerine, yeggmen blew open the safe in the post office and store operated by M. S. Schroeder, at Walsh, Alta., and got away with about \$5,000 in cash.

Lord Birkenhead, secretary of state for India since 1924, has resigned from the Baldwin cabinet in order to follow commercial activities in London.

A trainload of 1,500 head of cattle owned by a group of ranchers from the Peace country, reached Edmonton recently over the Edmonton, Dunvegan and British Columbia Railway.

Lieut.-Col. A. L. Young, of Souris, Man., officer commanding the second reserve regiment, 12th Manitoba Dragoons, was elected president of the Canadian Cavalry Association for the incoming year at the concluding session of the 13th annual convention at St. John, N.B.

Whether the wheat pools of the west are liable to income taxation will be the subject of a big case in the exchequer court this fall. The matter has long been in dispute, and while the tax has been paid, it has been under dispute. The Saskatchewan Co-operative Company's case is to be made a test, the decision in which will apply to the other pools, says the Ottawa Citizen.

"What are you doing with that red lantern?" "Oh, I just found it. Some careless fellow left it beside a hole in the road."

Mrs. L. Shephard Tells How Cuticura Healed Her Son

"My boy five years old had eczema on his thumbs. It broke out in a red rash and soon spread to his hands and arms. It itched terribly and he would scratch until his hands would bleed. He could not stand his clothing to touch his arms, and some nights he could not sleep on account of the irritation. The trouble lasted eight weeks."

"I began using Cuticura Soap and Ointment and they relieved the irritation. I continued the treatment and after using one cake of Cuticura Soap and one box of Cuticura Ointment he was healed." (Signed) Mrs. Lorne Shephard, Wilkesport, Ont., Oct. 7, 1927.

Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing, an ideal toilet powder.

Sample Each Free by Mail. Address Canadian Dept., "The Borden Co., Montreal." Free Soap 25¢. Ointment 25¢ and 50¢. Talcum 25¢. Cuticura Shaving Stick 25¢.

Singapore's Huge Floating Dock

First Portion Has Completed Eight Thousand Mile Journey

After a four months' voyage from England, the first portion of the huge floating dock for the new British naval base arrived at Singapore, having completed a journey of 8,000 miles by way of the Suez Canal.

The Singapore dock, when completed, will be the largest floating dry dock in the world and large enough to hold any British warship, weighs 50,000 tons and contains 20,000 tons of steel. It cost \$60,000,000.

The contract for completing the dockyard was awarded on September 27, and called for the finishing of the work by 1935. It is estimated that the naval part of the project will cost \$37,500,000.

NEW BEAUTY FOR YOUR CLOTHES
By Mae Martin

You can look attractive and stylish on less. Learn how to give new beauty and variety to your dresses and add individuality and charm to things around the home by the quick magic of tinting and dyeing. Perfect results are possible only with Diamond Dyes. Each package represents the perfection of 50 years of dye-making. They never streak, spot or run. They are real dyes, like those used when the cloth was made.

Diamond Dyes are easy to use. The "know-how" is in the dyes. Fashionable tints appear like magic right over the out-of-style or faded colors. Insist on Diamond Dyes and save disappointment.

"Color Craft," my big new book of dollar-saving hints, will be sent you FREE. Write Mae Martin, Diamond Dyes, Windsor, Ontario.

Senora Alice Cunha Machado was free on a writ of habeas corpus because the Supreme Court listened to her plea that her child did not deserve to be born in jail.

BABY GIRL HAD DIARRHOEA WHEN CUTTING TEETH

Mrs. A. J. Murray, Gull Lake, Sask., writes:—"Last summer, my baby girl was cutting teeth and became very weak with the effects of diarrhoea. I didn't know just what to do for her as she couldn't retain anything. At last one of my neighbors said to me, 'Haven't you any

why, I wouldn't be without it where there are children."

"My husband went to town and got a bottle, and the very first dose helped her wonderfully, and in three days she was well over the diarrhoea and was running around as well as ever."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Practicability Of Thrift

True thrift is not a theory; it is actuality. It is a principle that is applied constantly in the practical problems of life. It brings immediate results. One dollar saved is an actual, not theoretical, step forward.

An Oil Of Merit.—Dr. Thomas' Electric Oil, is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

Nothing Else But

A well-known comedian is very proud of his three beautiful and talented daughters.

One day an acquaintance and admirer of the comedian was talking to him about the family.

"A funny thing," he remarked, "you have nothing but those three girls."

The comedian looked at his friend in astonishment.

"Nothing but girls!" he echoed.

"Why, my dear old chap, I wish you were right. As it is, we've nothing but boys all over the place."

Minard's Liniment—Popular for 50 years.

Winnipeg Newspaper Union

Flattering Neckline

The chic femininity of the mode is smartly expressed in simple dress of printed sheer velvet in combination with georgette crepe. The long-waisted bodice showing dip-in-the-front, combines with shirred upper edge of skirt, to create the desired flat neckline. The shaped collar of Vionnet effect, is flattering new fashion, and is made of georgette crepe, which is also used for tiered flounces of long tight-fitting sleeves. Style No. 289 can be had in sizes 16, 18, 20 years, 36, 38, 40 and 42 inches bust. It is dainty in georgette crepe, crepe Elizabeth, crepe Roma or sheer plain velvet for afternoons. Crepe satin, canton-faille crepe, wool crepe and crepe de chine are excellent fabrics to choose for serviceable wear. Pattern price 25 cents, in stamps or coin (coin preferred). Wrap coin carefully.

SUNDAY SCHOOL LESSON
OCTOBER 28

PAUL'S LAST JOURNEY TO JERUSALEM

Golden Text: "Remember the words of the Lord Jesus, that He Himself said, 'It is more blessed to give than to receive.'"—Acts 20:35.

Lesson: Acts 20:1-21:17; 2 Corinthians 11:28.

Devotional Reading: John 10:7-17.

Explanations and Comments

Paul Reviews His Ministry Among the Ephesians, Acts 20:17-21.—Paul had sailed past Ephesus, for he could not take the time to stop there or elsewhere in the province of Asia, as he was very desirous of being in Jerusalem for the day of Pentecost. But when he reached Miletus he sent a messenger to the elders (or presbyters, Revised Version) at Ephesus, bidding them come to Miletus to say farewell. In the churches he founded Paul had established the offices of deacons and elders after the model of the Jewish synagogue. Paul speaks sometimes of elders and sometimes of bishops using the latter term, which means literally overseers, or superintendents, in churches where there was a large Gentile element.

"Ye yourselves know, from the first day that I set foot in Asia, after what manner I was with you all the time"—thus Paul began his address to the Ephesian elders upon their arrival. The first day that Paul set foot in Asia is recorded in Acts 16:6, 7, but his first preaching there was later, Acts 18:19. He came to Ephesus again on his last missionary journey, Acts 19. "The manner of his life" he proceeds to tell in the next three verses.

Paul first reminded them how faithfully and how humbly he had served the Lord while his heart was filled with anxiety for them and his own life was threatened by the plots of the Jews (see 1 Cor. 15:32; 2 Cor. 1:8-10); and how he had told them all things profitable for them to know, and had taught them in public and in private the essentials of religion, repentance toward God and faith toward Christ. Fear of giving offence to the Jews and therefore of endangering his own life had not prevented him from preaching a crucified Christ and the gospel for Gentiles as well as for Jews.

"Repentance toward God and faith toward our Lord Jesus Christ": there is no other way but by repentance and faith. First, realize your sins; second, confess to Jesus Christ; and third, live as you think you ought to live."

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Static Forerunner Of Storm

There is a relationship between static and storms. . . . There are storms, it is true, that are accompanied by little or no static. There are other storms, accompanied by static, which are nevertheless difficult to locate because the static appears to come from no definite direction. But as a rule static accompanies a storm and gives in advance of the arrival of the storm definite indication of the direction of approach.

About 350,000 Londoners, of whom nearly 280,000 are women, are employed in hotels, restaurants and domestic service.

Rheumatism

A little Minard's rubbed into parts affected relieves rheumatic pain. Also good for bruises and sprains.

When Noah sailed the waters blue He had his troubles, same as you. For forty days he drove the Ark Before he found a place to park.

Many of Canada's leading social and sporting clubs use Red Rose Orange Pekoe Tea exclusively. The added strength and inimitable flavor of Red Rose Orange Pekoe make it last longer, go farther and taste better. Packed in damp-proof aluminum.

CHAPTER IV.—Continued.

In appearance the champion very much resembled an ape. His bullet-like head was close cropped. The small piggish eyes were deep set under overhanging, beetling brows, and the nose was flat like a negro's. His lips were thick, with a repulsive twist that gave his face a sinister look. His massive jaw was purposely left unshaved to rasp the tender skin of his opponent's shoulders in the clinches. His enormous barrel-shaped chest was covered with a thick growth of hair. His shoulders were broad and his disproportionately long arms, heavily muscled, terminated in two thick ham-like hands. He gazed confidently at Donald's corner.

A pasteboard box containing the gloves was tossed to the centre of the ring. There was a stir as the announcer pushed his way through the ropes. Andy crossed the ring to examine the champion's hands for tape and to test thoroughly the new gloves for any trace of sewed in shot or lotion that would cause the eyes to smart. One of Garrieau's seconds was making a similar examination in Donald's corner.

A big man in a wide-brimmed hat, with a mackinaw coat over his arm, came walking down the steps of the arena. The look of astonishment on his face gradually gave place to one of joy. He ran to the ringside.

"Donald!" he shouted joyously, as he sprang through the ropes. With a thrill of pleasure Donald held out his hand to Jack Gillis. The big man's face was beaming. "Just got in," he said. "Bin lookin' all over town for you! I come to the fight and—holy mackerel!—here you are one of the fighters!"

Andy noted the glad look in Donald's eyes and he spoke sharply to Donald's seconds, who were for ordering the boisterous visitor out of

the ring. The word "psychology" was foreign to Andy, but he knew that Donald's mind had for a moment drifted away from the fight. Donald was surprised to see Douglas greet Gillis warmly as the big man left the ring.

"I have two good friends in the audience, anyway," whispered Donald to himself.

Andy leaned over him, talking in a low voice, giving him comfort and advice. "E'll try right along, Donnie, to get your goat by cursing and using vile language, but don't listen 'im, and don't lose your temper. 'E fights with 'is chin tucked in the 'ollow of 'is left shoulder and 'is neck muscles rigid. It's mighty 'ard to land on 'is jaw with a right. Now the first round," Andy went on, "you just jab 'im light with your left; don't 'it 'ard, just a good snappy punch. 'E'll think you 'ave no sting in it, and the next round 'e'll get careless and let you 'it 'im so's to get a punch. Of course, if you see a good opening, let fly with all you 'ave, but 'e won't open up until 'e tries you out a bit. Watch the dirty blighter in the clinches; 'e'll foul you, if 'e gets a chance. Another thing, this is to be twenty rounds, so tyke your time. Now is everything clear to you, Donnie?"

"Yes, Andy."

Andy patted Donald's bare shoulder affectionately.

The contestants stood in their corners as they were introduced. The referee beckoned them to the centre of the ring for instructions. As Donald slipped the enveloping bathrobe from his shoulders and stepped forward, a murmur of admiration swelled from the crowd. His lean loins and broad shoulders showed to advantage in the bright light. The long, flowing muscles rippled under his skin when he moved, like those of a panther. Loud applause came from all over the arena. Garrieau, thinking the ovation was for himself, turned and ducked his head with a motion that was intended for a bow.

A rough voice near the top shouted: "Aw! that wasn't for you, you big stiff!"

The judge and the dentist turned and looked at each other. The eyes of the latter seemed to say, "I told you so." The judge smiled and nodded.

A fat man, who could not have been more than thirty-five years of age, yet with rolls of fat at his waist-line, a bulbous nose and florid face, bit savagely on a big cigar. "By gad!" he ejaculated, "that man is perfect." There was a look of admiration and envy in his red-rimmed eyes. Thus do men admire the strong, well-kept body of the athlete, even though their own physical self has degenerated to mere paste.

"Two to one that Garrieau wins inside of ten rounds!" shouted a voice. Douglas covered the bet at once.

"Now, men," instructed the referee briskly, "this is to be twenty rounds. You are to fight clean breaks. You can hit with one arm free, but you cannot hold with one and hit with the other. When I say 'Break' I want you to break at once and step back. Do you understand fully? Good! To your corners."

Donald glanced at his friends, who sat with their eyes upon him. He felt Andy's hand upon him gently stroking his arm, yet he could not suppress the trembling in his limbs.

"Everything's all right, Donnie," whispered Andy softly.

The gong rang.

Garrieau assumed the crouch Andy had predicted, his chin resting in the hollow of his shoulder, his eyes seeming to retreat into his skull under the overhanging brows. This was the champion's famous "fighting face."

"Pretty boy, ain't yer?" he scoffed. "I'm goin' to knock dose pretty teeth down yer throat, you——" he cursed.

Donald snapped a light left to the ugly face and danced out of range. The champion's thick lips parted in a fiendish grin. "My, mamma's nice boy has a terrible punch!" he derided.

Donald continued his dazzling footwork, keeping the champion in pursuit and contending himself with occasional left-hand jabs that kept his opponent's head rocking. He shot glances at intervals to his corner for instructions from Andy, who nodded his head in approval of his tactics.

The round finished in the challenger's favour by a wide margin on points. The champion had not landed a single effective blow during the round.

The action of the first round caused Donald to forget his nervous-

ness. Andy crowded between his knees and gently massaged his body, all the while speaking words of commendation and counsel.

"Now that you find that you can reach 'im easily with your left, watch me for signals. If I see that 'e's openin' up, I'll give you the sign to shoot your left with all you 'ave. If he swings again with 'is left, try for 'is bread basket. You understand me, Donnie?"

"Easiest thing I've picked yet," chuckled the champion as he came to his corner.

"He may be stalling," cautioned his evil-faced manager.

"Huh!" grunted the champion. "I can take all he has in dat left and never feel it. I'm goin' to open up on him de last part of de next round."

The gong rang for the second round.

Donald caught a glimpse of Purcell's face as he crouched in the opposite corner. Such a look of vicious hate shot from his one gleaming eye that Donald shivered.

The rough element began to boo Donald for his running tactics. Some fans feel that they are being cheated out of the price of admission unless they can witness the spectacle of two boxers slugging toe to toe until one goes down. Science counts for nothing with this small minority.

"Whadda ya think this is, a marathon?" they shouted.

"Powder-puff punch!" derided another.

Garrieau suddenly tore in, letting loose a terrific right that would have stopped the bout right then if it had landed. From a clinch Donald looked to his corner. Andy went through the pantomime of shooting a straight left. Donald nodded.

"Powder-puff punch!" again shouted the disgruntled fan.

"Did ya hear that?" hissed Garrieau, twisting his mouth into an apish grin. "Yo can't hit hard enough to break an egg. I'm goin' to fix dose teeth' for you now." He leered brutally as he tore after Donald, disdainful of the belittled left.

Donald stopped abruptly in his flight and shot a lightning left across to his pursuer's jaw. The champion saw it coming, but too late to block it. He threw his body into reverse, robbing the blow of a great deal of its force; yet enough was left to send him reeling back to the ropes, his head whirling and his knees wobbly. With a roar the spectators came to their feet as one man. The gong saved Garrieau.

The crowd gave Donald a deafening ovation as he walked to his corner. He looked for his friends and saw Douglas and Gillis locked in an embrace and dancing madly in the narrow aisle.

(To Be Continued.)

A LAUGHING BABY IS A GREAT JOY

What can give more joy in the home than a laughing, happy baby. The well child makes everyone happy with his tuneful gurgle and bright laughing eyes. It is only the sickly baby who is not a laughing baby, for it is the little one's nature to be happy when well.

Mothers, if your baby is cross, if he cries a great deal and no amount of attention seems to make him happy, give him a dose of Baby's Own Tablets and he will soon be well and ready to radiate that happiness through the home again.

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels and sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fevers and correct those troubles which accompany the cutting of teeth and in doing those things—and doing them well—they make baby happy and keep him happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"And how do you get on with your wife?"

"I've a splendid working arrangement with her. In the forenoon she does what she wants, and in the afternoon I do what she wants."

Headache? Relieve with Minard's Liniment.

Mistress: "I see that another soldier has called for you, Mary. I thought you had only one sweet heart!"

Cook: "Oh, no, mum; two. You see, one's regular and the other's a reserve."

The Dangerous Age

What is the most dangerous age of a person in respect to accidents? According to the Workers' Compensation Commission, at Sydney, N.S. W., a person of 20 years is in the greatest peril. From that age the accident rate decreases and the safest age is set down at 75 years.

EVEREADY Layerbilt

There's been a revolution in the science of battery building—Eveready has found a way to give you more battery for your money than you ever bought before!

The new Layerbilt principle can be understood by anyone. It simply gives you more current-making elements by packing flat cells like crackers in a box, instead of using many round cells with waste space between.

You actually get the equivalent of a much bigger battery and, of course, it takes much longer to use it up. That's why you should buy Eveready Layerbilts and save money. Now selling at new low prices. Ask your dealer.

Curfew By-Law

Parents and guardians are reminded
that children under the age of 16 years
are not allowed on the streets or public
places in Town after the hour of 9 p.m.,
unless accompanied by parents or guardi-
ans. No bell will be rung. It is left to
parents to see that children are off the
streets by the above hour. Their co-op-
eration in this respect is requested by the
Council. The By-Law is to be strictly
enforced.

By order of the Council,
44-2c W. A. AUSTIN, Sec.-Treas.

ORATORICAL CONTEST

Announcement is made that Alberta
school students in Grades IX, X, XI
and XII, whether in high school or
public school continuation classes,
will take part in the International
Oratorical Contest (Alberta Division)
in 1929. Alberta students first en-
tered in the International Oratorical
Contest last winter, and Miss Mar-
garet Kinney, of Edmonton, was the
winner. She was sent down to Tor-
onto for the Canadian finals where
she made a splendid impression.
More than three hundred schools took
part in the preliminary competitions
in the last contest and it is expected
that more than five hundred will take
part in the preliminaries for 1929.

The winners in the individual
schools must be determined on or by
December 15th. The district winners
on or by February 15th. The four-
teen district winners in Northern Al-
berta will meet in Edmonton during
Easter week and the fourteen in
Southern Alberta will meet in Cal-
gary the same week. The finals will
take place in Edmonton a little later
and in May the winner will be sent
to Toronto for the Canadian cham-
pionship.

The expenses of the district win-
ners, who are to go to Calgary or to
Edmonton, are paid by the sponsors
of the contest in Alberta. These
winners also receive a \$10 gold piece,
and the runner-up in each district
will receive a \$5 gold piece. The
winner in the Alberta finals receives
\$200 and a free trip to Toronto and
a chaperone, if a girl, and the runner-
up in Alberta receives \$50. Each
school, producing a winner, is given
two recommended books.

The contest is sponsored in South-
ern Alberta by the Calgary Herald,
and in Northern Alberta by the Ed-
monton Journal. Roughly speaking,
Lacombe is the dividing line of these
sections.

There are no formalities connected
with students entering, except that
the coupon must be filled in and sent
either to The Journal or The Herald.
The contest is strongly endorsed by
Premier Mackenzie King, Hon. R. B.
Bennett and other leading Cana-
dians, for two reasons—one, that it
promotes among our rising genera-
tion facility in public speaking, and
the other, that it spreads throughout
the Dominion a sounder knowledge of
Canada and Canada's future.

For the 1929 contest, four sub-
jects are permitted the students, in-
